

Dear Leonard Families,

On this web site, you will find a list of website links that will make learning fun!

All the sites are free and offer valuable and diverse learning opportunities. Please be aware that many free sites use advertising to fund the site. Though all the sites have been screened for appropriateness and safety children should always be monitored while using the internet. Though listed for one specific skill explore with your child the endless learning on each site. Once you click on a site you will leave the secure network of the Oxford Community Schools.

*(Many of the written descriptions are taken directly from the sites).
Scroll Down to experience all the pages of this site.*

How to link to the site.....LOOK for the word "**Website:** " written in **red** and click on the site next to it.

(Note: If you are the creator of a website listed and do not want to link in to this site please email Helen.Andreou@oxfordschools.org)

What is a TumbleBook?

Language Arts (Alphabet, Pre-Reading, Reading, Word Study)

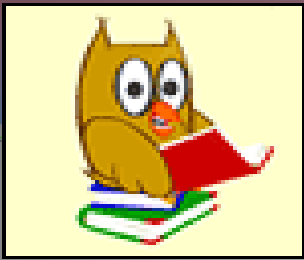

A wonderful site that takes the books that children love and reads them aloud with animation, sound and music. Fantastic for all ages!

TumbleBooks are animated, talking picture books which teach kids the joy of reading in a format they'll love. TumbleBooks are created by taking existing picture books, adding animation, sound, music and narration to produce an electronic picture book which you can read, or have read to you.

On the link below, scroll to the bottom right page and you will find the links to take you to the various TumbleBook Levels

Multiplication.Com...2nd to 5th Grade

The screenshot shows the Multiplication.com website. At the top is a navigation bar with links: Home, Games, Teach, Learn, Resources, Strategies, The Books, and Help & Support. Below this is a banner with various math-related images and the date "Friday January 8, 2010". On the left sidebar, there are social media links for Facebook and Twitter, and a section for "TimesAttack (\$)" featuring a game image and the text "This is the \$ GAME they are talking about." Below that is a "DIGITZ" logo with a boy's face. The main content area has a "Welcome to Multiplication.com" message, stating "This site contains the techniques, tips, and secrets used by master teachers!". It features three main sections: "Games" with a penguin illustration and "Fun Games Check Out Our Holiday Games"; "NEW Teach the Times Tables" with a screenshot of a lesson page and the text "We have added over 100 new web pages, NEW lessons and instructional videos."; and "Resources" with a table of multiplication ranges. At the bottom, there's a section for "Our BOOKS" titled "The FASTEST and EASIEST way to teach the TIMES TABLES", which includes a "MEMORIZE IN MINUTES: The Times Tables" link and a "Multiplication in a FLASH" link. To the right of these links are bullet points: "PICTURES for the visual learner", "STORIES for the auditory learner", and "ACTIVITIES for the kinesthetic learner".
